COLOP®

MARKING SOLUTIONS

EOS Line

Complete range of Flash Stamps

The EOS Line is a modern and ergonomically designed flash stamp. This technology allows an optimized handle size also for large text plate sizes. Black EOS Standard and XL stamps are made of minimum 80% recycled plastics.

X-Large image window for full size imprint and personalization

Easy and clean re-inking

Dust cover for protection and transportation

Also very large imprint sizes are possible

Green Line

Responsibility with style

The Green Line self-inking stamp range is predominantly made from sustainable and recycled material. These stamps are comprised of between 65 % and 80 % recycled plastic. The already significantly reduced but unavoidable CO₂ emissions are compensated by means of investment in climate protection projects (GOLD STANDARD Projects), based on the system boundary “cradle to gate”.

Evaluated according to ISO 14044, verified by C7 Consult, an independent institute

The Green Line range was audited during the ISO 14001 accreditation process

The wood used for the Classic Line handles is a renewable and climate neutral raw material

Das Zeichen für verantwortungsvolle
Waldwirtschaft

The Classic Green Line handles are FSC® certified (Forest Stewardship Council®)

The Austrian Eco-Label is awarded by the Republic of Austria as represented by the Federal Ministry of Environment

The Green Line packaging is made from 80 - 100 % recycled cardboard

Printer Green Line:
minimum 70% recycled plastic
